Climate Action!

We know the earth is warming, but what is being done about it?
Learn about actions local cities, the State of Nevada, and the Federal Government are taking to reduce Greenhouse Gas Emissions.

SPEAKERS

Dr. Katherine Hayhoe – an atmospheric scientist and professor of political science at Texas Tech University, where she is director of the Climate Science Center, will set the stage with a recap of the latest climate science.

Lynne Barker – City of Reno’s Sustainability Manager, will talk about Reno’s Sustainability and Climate Action Plan.

Brad Crowell – Director of the Nevada Department of Conservation and Natural Resources, will talk about implementation of policies and programs to reduce the State’s Green House Gas emissions.

Chas Macquarie, P.E. – a civil engineer, and member of the Carson City Chapter of Citizens Climate Lobby, will recap the current state of climate legislation at the Federal level.

Dr. Michael Dettinger – a nationally renowned hydrologist and a climatologist who specializes in the climate of the Sierra Nevada will moderate the discussion.
