# **The Truth About Carson City Road Funding: Straight from the Horse's Mouth**

Sierra Nevada Forums are produced in partnership with the American Association of University Women and the League of Women Voters of Northern Nevada. The forums are co-sponsored by the Nevada Appeal and this marks the 8th season of free community forums on topics of current interest.

**Carson City owns about 286 miles of paved roadways but only has enough funding to preserve or repair about 5 miles of these roads each year.**

**As a result, our local and neighborhood roads are falling apart, and many of them will likely turn to gravel before being repaved.**

Join Sierra Nevada Forums on April 9, 2024, for a discussion on "The Truth About Carson City Road Funding: Straight from the Horse's Mouth."

Learn the details of street funding, how Carson City arrived at the amount of funds needed, and what it means for your neighborhood.
